**INDEPENDENT AUDITORS' REPORT**

The Board of Trustees  
The Citizens' Oversight Committee  
Mt. San Antonio Community College District  
1100 North Grand Avenue  
Walnut, CA 91789

We have audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the Mt. San Antonio Community College District, as of and for the year ended June 30, 2006, and have issued our report thereon dated September 28, 2006. We have also audited the accompanying Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance and Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual for the Bond Construction Fund of the Mt. San Antonio Community College District as of and for the year ended June 30, 2006. These statements are the responsibility of the District's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit of the Bond Construction Fund in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Governmental Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements for the Bond Construction Fund are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Bond Construction Fund financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations for the Bond Construction Fund of the Mt. San Antonio Community College District as of June 30, 2006, in conformity with accounting principles generally accepted in the United States of America.

The Board of Trustees  
The Citizens' Oversight Committee  
Mt. San Antonio Community College District

In accordance with Government Auditing Standards, we have also issued a report dated September 28, 2006 on our consideration of the Mt. San Antonio Community College District's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

**MT. SAN ANTONIO COMMUNITY COLLEGE DISTRICT  
BOND CONSTRUCTION FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2006**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

**ACCOUNTING POLICIES**

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and Audits of State and Local Governmental Units issued by the American Institute of Certified Public Accountants.

**FUND STRUCTURE**

The Statement of Revenues, Expenditures, and Change in Fund Balance is a statement of financial activities of the Bond Construction Fund related to the current reporting period. Expenditures frequently include amounts for buildings, equipment, retirement of indebtedness, etc. Consequently, these statements do not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

**BASIS OF ACCOUNTING**

The Bond Construction Fund of the Mt. San Antonio Community College District is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

Cash in the County Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**BUDGET**

The Statement of Revenues, Expenditures and Change in Fund Balances – Budget and Actual includes a column entitled “Budget”. The amounts in this column represent the budget adopted by the Board and all amendments throughout the year.

**MT. SAN ANTONIO COMMUNITY COLLEGE DISTRICT  
BOND CONSTRUCTION FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2006**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)**

**CAPITAL ASSETS AND LONG-TERM DEBT**

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Bond Construction Fund are determined by its measurement focus. The Bond Construction Fund is accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of “available spendable resources”. Thus, the capital assets and long-term liabilities associated with the Bond Construction Fund are accounted for in the basic financial statements of the Mt. San Antonio Community College District.

**NOTE 2 - DEPOSITS AND INVESTMENTS:**

**A. Deposits**

In accordance with the Budget and Accounting Manual, the District maintains its cash related to the Bond Construction Fund in the Los Angeles County Treasury as part of the common investment pool. These pooled funds are carried at cost which approximates fair value. The fair market value of the District’s Bond Construction Fund deposits in this pool as of June 30, 2006, as provided by the pool sponsor, was \$11,204,042. Interest earned is deposited quarterly into the participating fund. Any investment losses are proportionately shared by all funds in the pool.

**B. Investments**

California Government Code Sections 16430, 53601, and 53602 allows governmental entities to invest surplus moneys in certain eligible securities. In addition, the District’s investment policy, Board Policy Section 770, limits its investment choices to those allowed by California Government Code. The District did not violate any provisions of the California Government Code during the 2005-06 fiscal year.

**NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2006**

**NOTE 2 - DEPOSITS AND INVESTMENTS: (continued)**

**B. Investments (continued)**

Investments at June 30, 2006 are presented below:

| <u>Investment</u>             | <u>Maturities</u>       | <u>Standard &amp; Poor's<br/>Rating</u> | <u>Fair<br/>Value</u> |
|-------------------------------|-------------------------|---|-----------------------|
| Federal Agency Discount Notes | 7/7/2006 -<br>8/15/2006 | AAA                                     | \$20,156,610          |
| Federal Agency Notes          | 8/15/2006               | AAA                                     | <u>1,512,692</u>      |
| Total                         |                         |   | <u>\$21,669,302</u>   |

The investments are carried at cost on the financial statements which approximates fair value. Cost at June 30, 2006 is \$21,478,469.

**Interest Rate Risk**

The District has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The maximum maturity of any single issue is five years.

**Concentration of Credit Risk**

The District places no limit on the amount that may be invested in Federal Agency or government-sponsored enterprises. However, the District does diversify its investments by security type and maturities to prevent incurring unreasonable or avoidable credit risk. All of the District's investments are in Federal Agency Notes and Discount Notes; 14% are invested in Federal Home Loan Bonds; and 86% are invested in the Federal Home Loan Mortgage Corporation. These government-sponsored agency securities are not guaranteed by the U.S. government.

**MT. SAN ANTONIO COMMUNITY COLLEGE DISTRICT  
BOND CONSTRUCTION FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2005**

**NOTE 3 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS:**

No excess of expenditures over appropriations, by major object amounts, occurred in the Bond Construction Fund.

**NOTE 4 – BONDED DEBT:**

On November 6, 2001, \$221 million in general obligation bonds were authorized by an election held within the Mt. San Antonio College District under Proposition 39/Measure R. Proceeds from the sale of the bonds will be used to finance the construction, acquisition, furnishing and equipping of District facilities.

On September 7, 2005 the District offered for sale \$75,745,843 in general obligation refunding bonds. The bonds were issued as Current Interest Bonds in the aggregate principal amount of \$63,945,000 and as Capital Appreciation Bonds in the aggregate principal amount of \$11,800,843.

The bonds were issued to refund certain outstanding general obligation bonds (Series A and B) of the District and to pay for certain capital improvements.

\$8,600,463 in proceeds, net of costs, associated with the refunding were deposited in the bond construction fund and \$75,745,378 was deposited in an escrow fund for future repayment. At June 30, 2006 the outstanding balance of the defeased debt to be paid by the escrow agent totaled \$68,315,000. These bonds are considered fully defeased and are not recorded on the basic financial statements of the District. The difference in cash flow requirements related to this refunding amounted to a savings of approximately \$12,176,000. The present value of the economic gain to the District amounts to approximately \$2,653,000. These savings result in a re-calculation of the collections and payments towards bond payoffs and are included in the consolidated schedule noted on the subsequent page.

The capital appreciation bonds were issued with maturity dates of August 1, 2016 through August 1, 2017. Prior to the applicable maturity date, each bond will accrete interest on the principal component. Accreted interest accrued is included as long term debt in the basic financial statements of the Mt. San Antonio Community College District.

We have audited the basic financial statements of Mt. San Antonio Community College District as of and for the year ended June 30, 2006, and have issued our report thereon dated September 28, 2006. We have also audited the Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance and Statement of Revenues, Expenditures and Change in Fund Balance - Budget and Actual for the Bond Construction Fund of the Mt. San Antonio Community College District as of and for the year ended June 30, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Mt. San Antonio Community College District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be considered to be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Mt. San Antonio Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Board, the Citizens' Oversight Committee and management. It is not intended to be and should not be used by anyone other than these specified parties.
