MOUNTIE CAREERSOURCE EMPLOYER GUIDELINES:

- Departments will submit their Job Postings using Mountie CareerSource. It is recommended that departments designate one person to submit job postings, as the database requires a username and password.
- Once you post your Work-study job opportunities on Mountie CareerSource, they will be accessible to all Work-study students. It is up to the students to decide which jobs they would like to pursue and apply for.
- Returning students DO NOT automatically have Work-study. Please refer potential New Hires or Re-Hires to Career Services to schedule an orientation.
- It is the department's responsibility to close a job that is no longer available by entering the database and changing the expiration date to the present day.
